For User Guide / App / Support

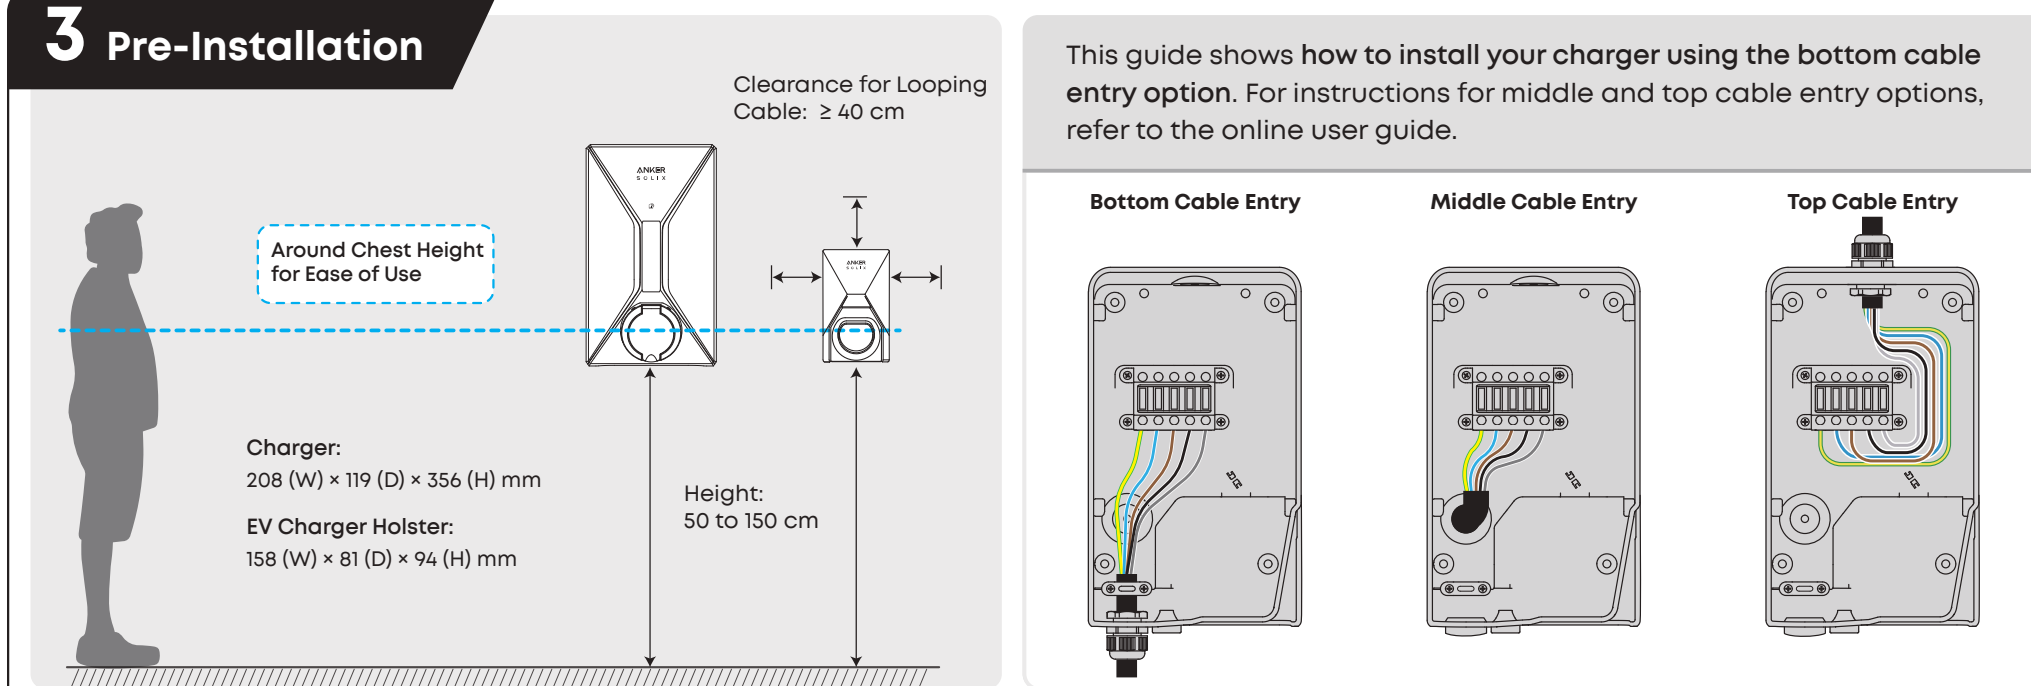

1 System Overview

2 Unboxing

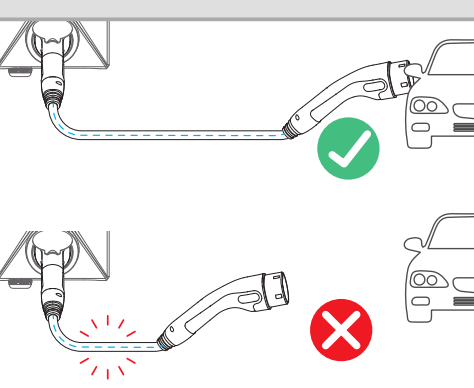

3 Pre-Installation

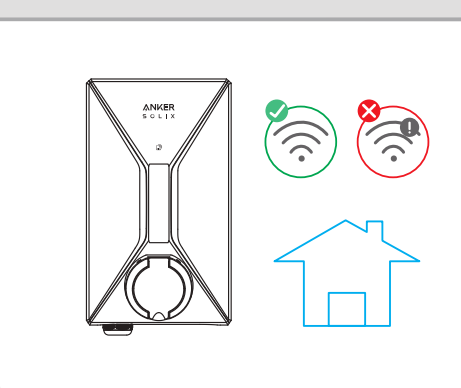

Important:
• Scan or enter the Bluetooth passkey during app setup.
• Save the Bluetooth passkey for reconnection.

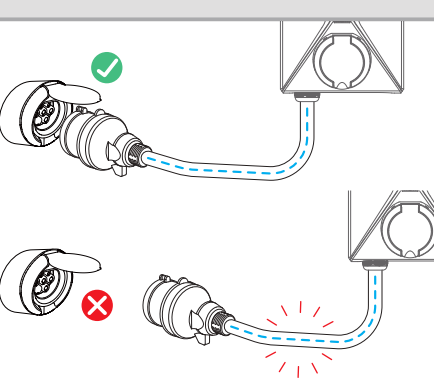

Ensure the connector reaches the charger port.

If using Wi-Fi connection, ensure the area has a good wireless signal.

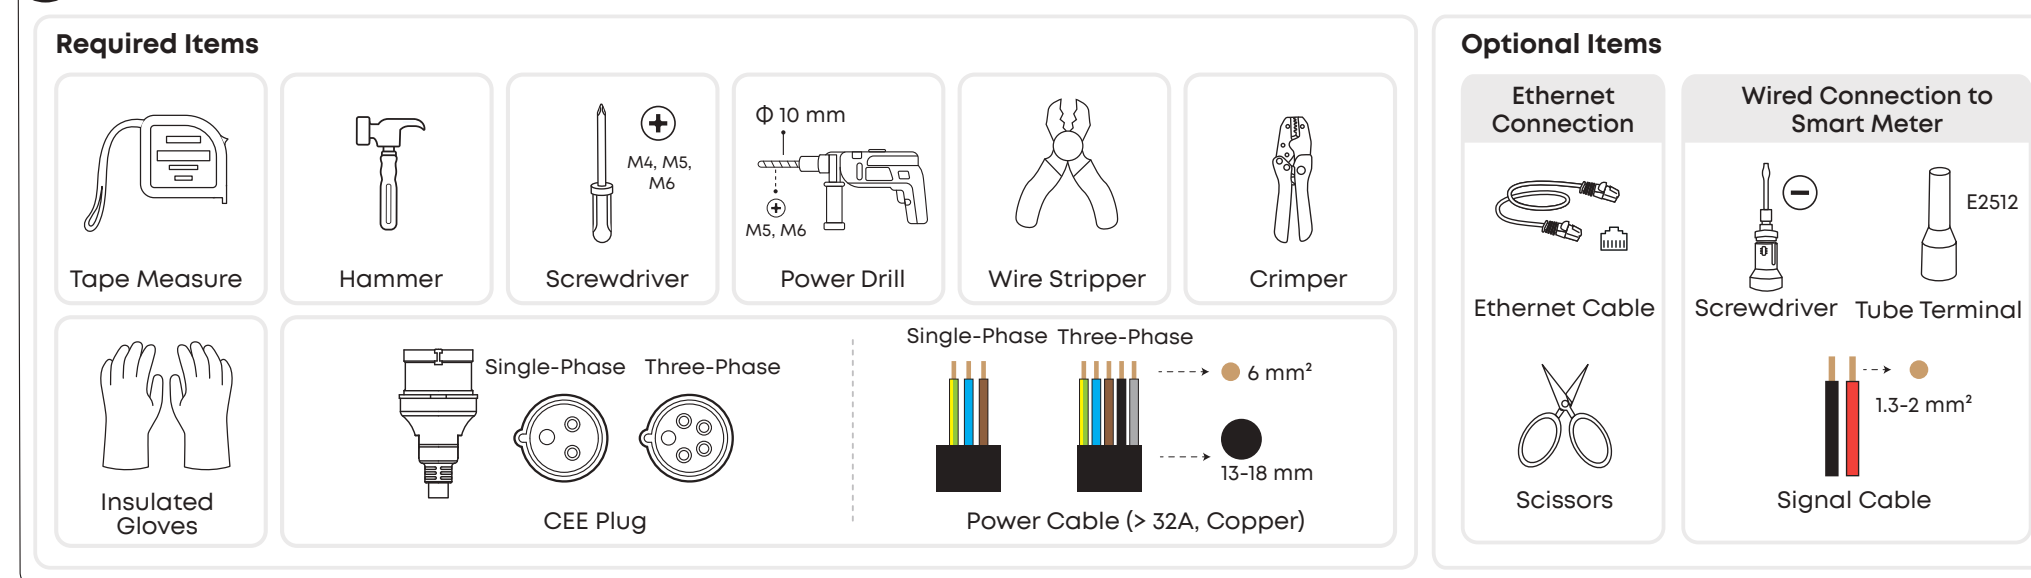

If using the CEE plug, ensure it reaches the CEE socket.

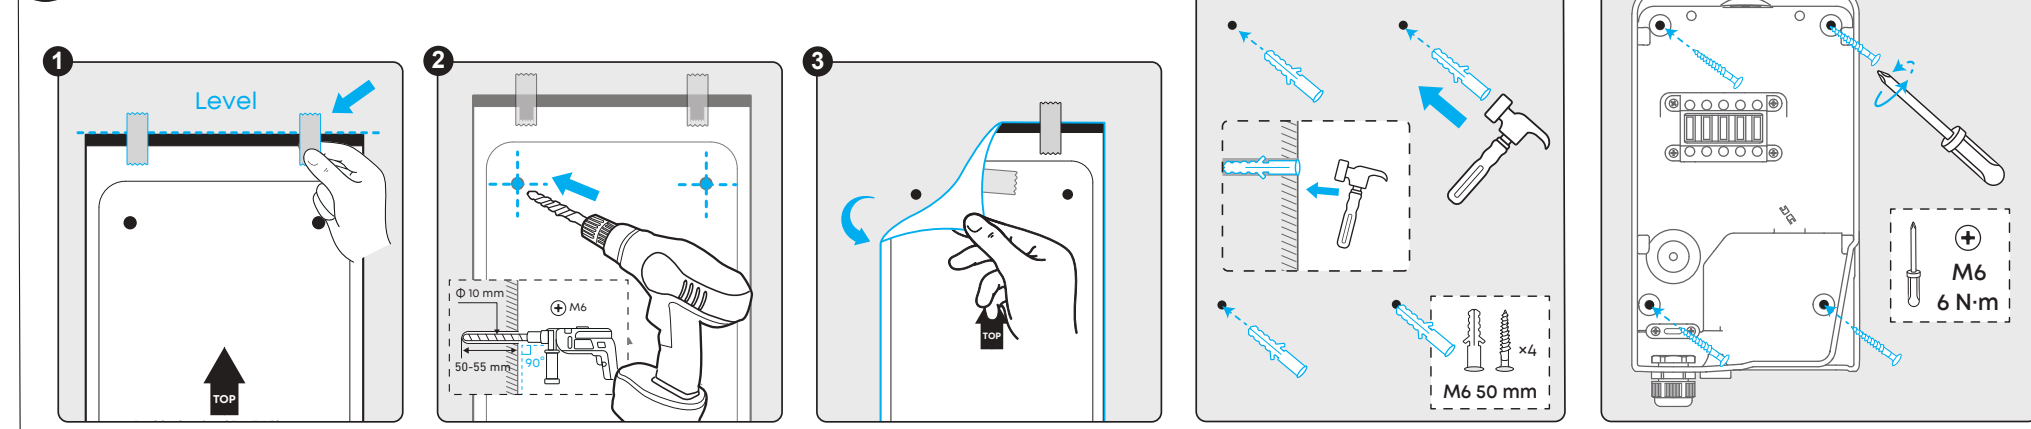

4 Installation

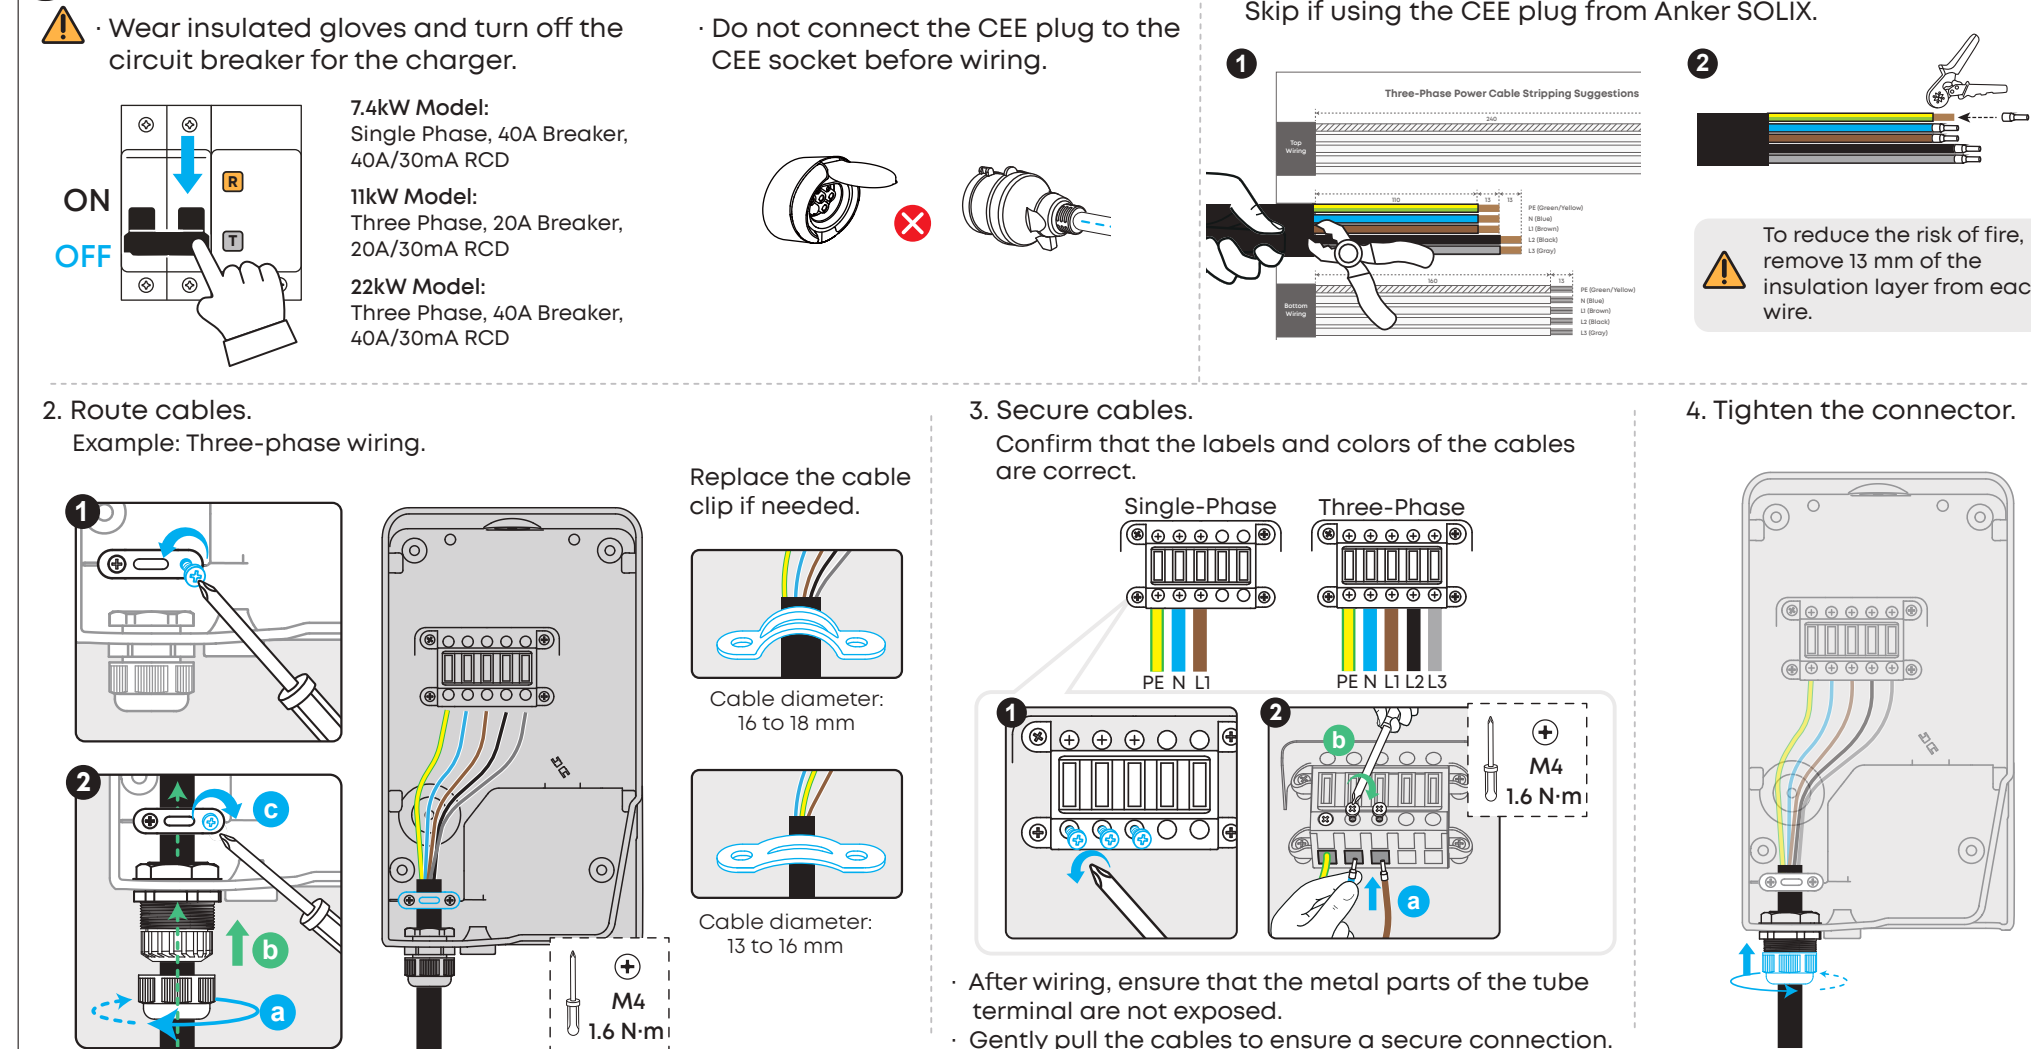

01 Get Items Ready (Not Included)

02 Mount the Wire Box to the Wall

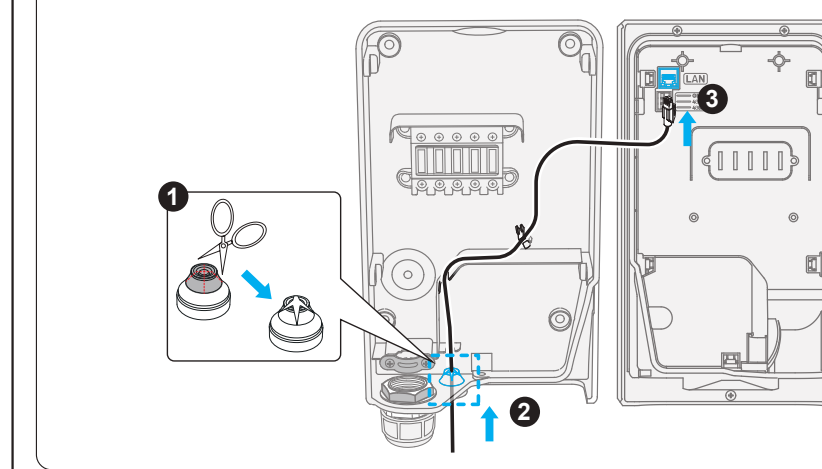

03 Connect to Power Supply (CEE Plug or Hardwiring)
